52 under Section 19-6-809 during the next quarter.

53           (2) (a) The maximum number of miles for which the director may reimburse for

85 bid whether or not the bid is determined to be reasonable.

92           (a) the number or tons of waste tires transported;  
93           (b) the location from which they were removed;  
94           (c) the recycler to which the waste tires were delivered; and  
95           (d) the amount charged by the transporter or recycler.  
96           (7) Upon receipt of the information required under Subsection (6), and determination  
97 that the information is complete, the director shall, within 30 days after receipt authorize the
