Be it enacted by the Legislature of the state of Utah:

Section 1. Section **11-13-302** is amended to read:

11-13-302. Payment of fee in lieu of ad valorem property tax by certain energy suppliers -- Method of calculating -- Collection -- Extent of tax lien.

(1) (a) Each project entity created under this chapter that owns a project and that sells any capacity, service, or other benefit from it to an energy supplier or suppliers whose tangible property is not exempted by Utah Constitution Article XIII, Section 3, from the payment of ad valorem property tax, shall pay an annual fee in lieu of ad valorem property tax as provided in this section to each taxing jurisdiction within which the project or any part of it is located.

(b) For purposes of this section, "annual fee" means the annual fee described in Subsection (1)(a) that is in lieu of ad valorem property tax.

(c) The requirement to pay an annual fee shall commence:

(i) with respect to each taxing jurisdiction that is a candidate receiving the benefit of impact alleviation payments under contracts or determination orders provided for in Sections 11-13-305 and 11-13-306, with the fiscal year of the candidate following the fiscal year of the candidate in which the date of commercial operation of the last generating unit, other than any generating unit providing additional project capacity, of the project occurs, or, in the case of

HB0293S03 compared with HB0293S02

any facilities providing additional project capacity, with the fiscal year of the candidate following the fiscal year of the candidate in which the date of commercial operation of the generating unit providing the additional project capacity occurs; and

(ii) with respect to any taxing jurisdiction other than a taxing jurisdiction described in Subsection (1)(c)(i), with the fiscal year of the taxing jurisdiction in which construction of the project commences, or, in the case of facilities providing additional project capacity, with the fiscal year of the taxing jurisdiction in which construction of those facilities commences.

(d) The requirement to pay an annual fee shall continue for the period of the useful life of the project or facilities.

(2) (a) The annual fees due a school district shall be as provided in Subsection (2)(b) because the ad valorem property tax imposed by a school district and authorized by the Legislature represents both:

(i) a levy mandated by the state for the state minimum school program under Section 53A-17a-135 or 53F-2-301.5, as applicable; and

(ii) local levies for capital outlay and other purposes under Sections 53A-16-113, 53A-17a-133, and 53A-17a-164.

(b) The annual fees due a school district shall be as follows:

(i) the project entity shall pay to the school district an annual fee for the state minimum school program at the rate imposed by the school district and authorized by the Legislature under Section 53A-17a-135 or 53F-2-301.5, as applicable; and

(ii) for all other local property tax levies authorized to be imposed by a school district, the project entity shall pay to the school district either:

(A) an annual fee; or

(B) impact alleviation payments under contracts or determination orders provided for in Sections 11-13-305 and 11-13-306.

(3) (a) An annual fee due a taxing jurisdiction for a particular year shall be calculated by multiplying the tax rate or rates of the jurisdiction for that year by the product obtained by multiplying the fee base or value determined in accordance with Subsection (4) for that year of the portion of the project located within the jurisdiction by the percentage of the project which is used to produce the capacity, service, or other benefit sold to the energy supplier or suppliers.

(b) As used in this section, "tax rate," when applied in respect to a school district,

HB0293S03 compared with HB0293S02

includes any assessment to be made by the school district under Subsection (2) or Section 63M-5-302.

(c) There is to be credited against the annual fee due a taxing jurisdiction for each year, an amount equal to the debt service, if any, payable in that year by the project entity on bonds, the proceeds of which were used to provide public facilities and services for impact alleviation in the taxing jurisdiction in accordance with Sections 11-13-305 and 11-13-306.

(d) The tax rate for the taxing jurisdiction for that year shall be computed so as to:

(i) take into account the fee base or value of the percentage of the project located within the taxing jurisdiction determined in accordance with Subsection (4) used to produce the capacity, service, or other benefit sold to the supplier or suppliers; and

(ii) reflect any credit to be given in that year.

(4) (a) Except as otherwise provided in this section, the annual fees required by this section shall be paid, collected, and distributed to the taxing jurisdiction as if:

(i) the annual fees were ad valorem property taxes; and

(ii) the project were assessed at the same rate and upon the same measure of value as taxable property in the state.

(b) (i) Notwithstanding Subsection (4)(a), for purposes of an annual fee required by this section, the fee base of a project may be determined in accordance with an agreement among:

(A) the project entity; and

(B) any county that:

(I) is due an annual fee from the project entity; and

(II) agrees to have the fee base of the project determined in accordance with the agreement described in this Subsection (4).

(ii) The agreement described in Subsection (4)(b)(i):

(A) shall specify each year for which the fee base determined by the agreement shall be used for purposes of an annual fee; and

(B) may not modify any provision of this chapter except the method by which the fee base of a project is determined for purposes of an annual fee.

(iii) For purposes of an annual fee imposed by a taxing jurisdiction within a county described in Subsection (4)(b)(i)(B), the fee base determined by the agreement described in

HB0293S03 compared with HB0293S02

Subsection (4)(b)(i) shall be used for purposes of an annual fee imposed by that taxing jurisdiction.

(iv) (A) If there is not agreement as to the fee base of a portion of a project for any year, for purposes of an annual fee, the State Tax Commission shall determine the value of that portion of the project for which there is not an agreement:

(I) for that year; and

(II) using the same measure of value as is used for taxable property in the state.

(B) The valuation required by Subsection (4)(b)(iv)(A) shall be made by the State Tax Commission in accordance with rules made by the State Tax Commission.

(c) Payments of the annual fees shall be made from:

(i) the proceeds of bonds issued for the project; and

(ii) revenues derived by the project entity from the project.

(d) (i) The contracts of the project entity with the purchasers of the capacity, service, or other benefits of the project whose tangible property is not exempted by Utah Constitution Article XIII, Section 3, from the payment of ad valorem property tax shall require each purchaser, whether or not located in the state, to pay, to the extent not otherwise provided for, its share, determined in accordance with the terms of the contract, of these fees.

(ii) It is the responsibility of the project entity to enforce the obligations of the purchasers.

(5) (a) The responsibility of the project entity to make payment of the annual fees is limited to the extent that there is legally available to the project entity, from bond proceeds or revenues, money to make these payments, and the obligation to make payments of the annual fees is not otherwise a general obligation or liability of the project entity.

(b) No tax lien may attach upon any property or money of the project entity by virtue of any failure to pay all or any part of an annual fee.

(c) The project entity or any purchaser may contest the validity of an annual fee to the same extent as if the payment was a payment of the ad valorem property tax itself.

(d) The payments of an annual fee shall be reduced to the extent that any contest is successful.

(6) (a) The annual fee described in Subsection (1):

(i) shall be paid by a public agency that:

HB0293S03 compared with HB0293S02

(A) is not a project entity; and

(B) owns an interest in a facility providing additional project capacity if the interest is otherwise exempt from taxation pursuant to Utah Constitution, Article XIII, Section 3; and

(ii) for a public agency described in Subsection (6)(a)(i), shall be calculated in accordance with Subsection (6)(b).

(b) The annual fee required under Subsection (6)(a) shall be an amount equal to the tax rate or rates of the applicable taxing jurisdiction multiplied by the product of the following:

(i) the fee base or value of the facility providing additional project capacity located within the jurisdiction;

(ii) the percentage of the ownership interest of the public agency in the facility; and

(iii) the portion, expressed as a percentage, of the public agency's ownership interest that is attributable to the capacity, service, or other benefit from the facility that is sold by the public agency to an energy supplier or suppliers whose tangible property is not exempted by Utah Constitution, Article XIII, Section 3, from the payment of ad valorem property tax.

(c) A public agency paying the annual fee pursuant to Subsection (6)(a) shall have the obligations, credits, rights, and protections set forth in Subsections (1) through (5) with respect to its ownership interest as though it were a project entity.

Section 2. Section **11-13-310** is amended to read:

11-13-310. Termination of impact alleviation contract.

If the project or any part of it or the facilities providing additional project capacity or any part of them, or the output from the project or facilities providing additional project capacity become subject, in addition to the requirements of Section 11-13-302, to ad valorem property taxation or other payments in lieu of ad valorem property taxation, or other form of tax equivalent payments to any candidate which is a party to an impact alleviation contract with respect to the project or facilities providing additional project capacity or is receiving impact alleviation payments or means with respect to the project or facilities providing additional project capacity pursuant to a determination by the board, then the impact alleviation contract or the requirement to make impact alleviation payments or provide means therefor pursuant to the determination, as the case may be, shall, at the election of the candidate, terminate. In any event, each impact alleviation contract or determination order shall terminate upon the project, or, in the case of facilities providing additional project capacity, those facilities becoming

HB0293S03 compared with HB0293S02

subject to the provisions of Section 11-13-302, except that no impact alleviation contract or agreement entered by a school district shall terminate because of in lieu ad valorem property tax fees levied under Subsection 11-13-302(2)(b)(i) or because of ad valorem property taxes levied under Section [~~53A-17a-135~~] 53F-2-301 or 53F-2-301.5, as applicable, for the state minimum school program. In addition, if the construction of the project, or, in the case of facilities providing additional project capacity, of those facilities, is permanently terminated for any reason, each impact alleviation contract and determination order, and the payments and means required thereunder, shall terminate. No termination of an impact alleviation contract or determination order may terminate or reduce any liability previously incurred pursuant to the contract or determination order by the candidate beneficiary under it. If the provisions of Section 11-13-302, or its successor, are held invalid by a court of competent jurisdiction, and no ad valorem taxes or other form of tax equivalent payments are payable, the remaining provisions of this chapter shall continue in operation without regard to the commencement of commercial operation of the last generating unit of that project or of facilities providing additional project capacity.
