*Be it enacted by the Legislature of the state of Utah:*

Section 1. Section **58-54-303** is amended to read:

**58-54-303. Supervision and prescription required.**

(1) The practice of radiologic technology by a radiologic technologist licensed under this chapter shall be under the general supervision of a radiologist or radiology practitioner and

26 may be performed only upon the order of a radiologist or radiology practitioner acting within  
27 the scope of the radiologist's or radiology practitioner's license and experience within the scope  
28 of practice of a radiology practitioner.

29 (2) (a) Notwithstanding Subsection (1), a physical therapist acting within the scope of  
30 the physical therapist's license and experience may order plain radiographs and magnetic  
31 resonance imaging if:

32 (i) the physical therapist designates a physician to receive the results of the plain  
33 radiographs or magnetic resonance imaging; and

34 (ii) the physician designated in Subsection (2)(a)(i) agrees to receive the results of the  
35 plain radiographs or magnetic resonance imaging.

36 (b) A physical therapist who orders plain radiographs or magnetic resonance imaging  
37 under Subsection (2)(a) shall:

38 (i) communicate with the patient's physician to ensure coordination of care; and

39 (ii) refer a patient to an appropriate provider when the findings of the imaging that was  
40 ordered by the physical therapist indicate that the services that are needed exceed the physical  
41 therapist's experience and scope of practice.

42 (c) A physical therapist is not subject to Subsection (2)(b)(i) if:

43 (i) a radiologist has read the image and has not identified a significant finding;

44 (ii) the patient does not have a primary care physician; and

45 (iii) the patient was not referred to the physical therapist for health care services by  
46 another health care provider.
