59-12-103, as amended by Statewide Initiative -- Proposition 3, Nov. 6, 2018

Be it enacted by the Legislature of the state of Utah:

Section 1. Section **26-18-3.9** is amended to read:

26-18-3.9. Protecting and expanding the Medicaid program and Utah Children's Health Insurance Program.

(1) Findings and purpose.

(a) Findings. The People of the State of Utah find that:

(i) Adequate medical care is crucial to the health and welfare of the residents of Utah;

(ii) It is essential that all Utahns have access to medical care, including preventive care, emergency services, and hospital care;

SB0096S06 compared with SB0096S02

(iii) Utah's Medicaid program and CHIP provide care to Utahns who are unable to afford private health insurance and are not eligible for other health insurance. Medicaid and CHIP are vital parts of the Utah health care system and it is essential that they continue to provide health care for the most vulnerable citizens of our state;

(iv) However, over 250,000 Utahns remain uninsured and do not have adequate access to health care. Over 100,000 of the uninsured would be covered by Medicaid if the State of Utah were to expand eligibility to all individuals who are in the federal optional Medicaid expansion population, as defined as of January 1, 2017;

(v) When people don't have access to care they are far more likely to develop chronic conditions, like diabetes or asthma, that often require expensive treatment for a patient's entire life, resulting in unnecessary suffering and driving up the cost of healthcare;

(vi) When medical providers provide care for which patients are not insured, the cost of that care is passed on to others, thus increasing the cost of medical care for all Utah residents;

(vii) It is critical to the survival of the Medicaid program that it remain adequately funded so that it can provide needed medical services to those who otherwise would not have access to care, and can compensate the providers who serve participants. The compensation to providers must be adequate to encourage providers to continue to treat patients on Medicaid; and

(viii) From moral, health and fiscal perspectives, protecting and expanding the Medicaid program in Utah is essential to maintaining the quality of life in our state.

(b) Purpose. The purpose of this measure is to preserve and strengthen medical care in the State of Utah by the following:

(i) Protecting Medicaid and CHIP so that they can continue to provide medical care to those who are currently eligible[;]; and

(ii) Expanding Medicaid eligibility to adults who are in the federal optional Medicaid expansion population, as defined as of January 1, 2017.

(2) Eligibility. As set forth in Subsections (2)(a) through (2)(d), eligibility criteria for the Medicaid program shall be maintained as they existed on January 1, 2017 and also expanded to cover additional low-income individuals.

(a) The standards, methodologies, and procedures for determining eligibility for the

SB0096S06 compared with SB0096S02

Medicaid program and CHIP shall be no more restrictive than the eligibility standards, methodologies, and procedures, respectively, that were in effect on January 1, 2017.

(b) Notwithstanding Sections 26-18-18 and 63J-5-204, beginning April 1, 2019, eligibility for the Medicaid program shall be expanded to include all persons in the optional Medicaid expansion population under the Patient Protection and Affordable Care Act, Pub. L. No. 111-148 and the Health Care Education Reconciliation Act of 2010, Pub. L. No. 111-152, and related federal regulations and guidance, as those statutory and regulatory provisions and guidance existed on January 1, 2017.

(c) There shall be no caps on enrollment beyond those in place as of January 1, 2017.

(d) The eligibility criteria in Subsection (2)(b) shall be construed to include all individuals eligible for the health coverage improvement program under Section 26-18-411.

(3) Care and Services. For each enrollment group or category in the Medicaid program and CHIP, the categories of care or services and the types of benefits provided in each category shall be no more restrictive than the categories of care or services and the types of benefits provided on January 1, 2017. Such services and benefits shall be provided in sufficient amount, duration, and scope to achieve their purposes.

(4) Out-of-Pocket Costs. Any premium, beneficiary enrollment fee, and cost sharing requirement applicable to care and services described in this section, including but not limited to co-pay, co-insurance, deductible, or out-of-pocket maximum, shall be no greater than those in effect on January 1, 2017.

(5) Provider payments.

(a) Payments to providers under the Medicaid program and CHIP for covered care and services shall be made at a rate not less than 100% of the payment rate that applied to such care and services on January 1, 2017~~[-and shall increase annually at a rate not less than the region's Consumer Price Index].~~

(b) Managed care.

(i) If the department contracts with an accountable care organization or other organization to cover care and services under the Medicaid program or CHIP, a contract with that organization shall provide that the organization shall make payments to providers for items and services that are subject to the contract and that are furnished to individuals eligible for the Medicaid program or CHIP at a rate not less than 100% of the payment rate that at least one

SB0096S06 compared with SB0096S02

accountable care organization that contracted with the department paid for such care and services on January 1, 2017 (regardless of the manner in which such payments are made, including in the form of capitation or partial capitation)~~], and that the minimum payment required by this provision will increase annually at a rate not less than the region's Consumer Price Index].~~

(ii) Payments by the department to accountable care organizations or such other organizations shall be sufficient for the organizations to comply with the provider payment rate requirements of this section.

(c) This ~~[subsection]~~ Subsection (5) shall not apply to physician reimbursement for drugs or devices.

(6) Nothing in this section shall prevent the people acting through initiative, the Legislature by statute, or the department by promulgating rules from:

(a) Expanding eligibility by adopting less restrictive eligibility standards, methodologies, or procedures than those permitted by Subsection (2);

(b) Expanding covered care and services by adding to the list, amount, duration, or scope of covered care and services required by Subsection (3);

(c) Reducing premiums, beneficiary enrollment fees, or cost sharing requirements below the maximum levels permitted by Subsection (4); or

(d) Increasing provider payments above the minimum payments required by Subsection (5).

(8) The department shall maximize federal financial participation in implementing this section, including by seeking to obtain any necessary federal approvals or waivers.

(9) This section and Section 26-18-3.1(4) shall not apply to CHIP in any year for which the State Children's Health Insurance Program, as described in Subchapter XXI, 42 U.S.C. Sec. 1397aa et seq., is not extended at the federal level.

SB0096S06 compared with SB0096S02

(10) Notwithstanding Sections 17-43-201 and 17-43-301, a county does not have to provide matching funds to the state for the cost of providing Medicaid services to newly enrolled individuals who qualify for Medicaid coverage under Subsection (2)(b).

(11) Severability. If any provision of this section or its application to any person or circumstance is held invalid, the remainder of this section shall be given effect without the invalid provision or application, and to this end the provisions of this section are severable.
