313 different from the governing board of the segment's associated entity, the Utah public agencies
314 that are parties to the organization agreement of the segment's associated entity may appoint or
315 select members of the segment's governing body with a majority of the voting power.

316 (7) A segment may not:

317 (a) transfer the segment's property or other assets to the segment's associated entity or
318 to another segment established by the segment's associated entity if the transfer impairs the
319 ability of the segment to pay the segment's debts that exist at the time of the transfer, unless the
320 segment's associated entity or the other segment gives fair value for the property or asset; or

321 (b) assign a tax or other liability imposed against the segment to the segment's
322 associated entity or to another segment established by the segment's associated entity if the
323 assignment impairs a creditor's ability to collect the amount due when owed.

324 (8) If a segment and a segment's associated entity or another segment established by the
325 segment's associated entity are involved in a joint action or have a common interest in a
326 facility, the segment's or the segment's associated entity's maintenance of records and accounts
327 related to the joint action or common interest does not constitute a violation of Subsection
328 (2)(b) or (c).

329 (9) Except as otherwise provided in this part or where clearly not applicable, the
330 provisions of law that apply to a segment's associated entity also apply to the segment,
331 including Subsection 11-13-205(5), as if the segment were a separate legal or administrative
332 entity.

333 (10) (a) To the extent an associated entity is a taxpayer as defined in Section 59-8-103,
334 the associated entity shall pay tax on the associated entity's gross receipts at the rate of tax that
335 would apply if all gross receipts of the associated entity and the associated entity's segments, in
336 the aggregate, were the gross receipts of a single taxpayer.

337 (b) Each segment of an associated entity that is a taxpayer as defined in Section

338 59-8-103 shall pay tax on the segment's gross receipts each period described in Subsection
339 59-8-105(1) at the same rate of tax as the rate of tax paid by the segment's associated entity for
340 the same period.

341 (c) Notwithstanding Subsections (10)(a) and (b):

342 (i) an associated entity is not liable for the tax imposed on a segment; and

343 (ii) a segment of an associated entity is not liable for the tax imposed on the segment's
344 associated entity or on another segment of the segment's associated entity.

345 (11) Notwithstanding any other provision of law, a segment is a project entity if the
346 segment's associated entity is a project entity.
