*Be it enacted by the Legislature of the state of Utah:*

[Section 1. Section 26-1-30 is amended to read:](#)

**26-1-30. Powers and duties of department.**

The department shall exercise the following powers and duties, in addition to other powers and duties established in this chapter:

(1) enter into cooperative agreements with the Department of Environmental Quality to delineate specific responsibilities to assure that assessment and management of risk to human health from the environment are properly administered;

(2) consult with the Department of Environmental Quality and enter into cooperative agreements, as needed, to ensure efficient use of resources and effective response to potential health and safety threats from the environment, and to prevent gaps in protection from potential risks from the environment to specific individuals or population groups;

(3) promote and protect the health and wellness of the people within the state;

(4) establish, maintain, and enforce rules necessary or desirable to carry out the provisions and purposes of this title to promote and protect the public health or to prevent disease and illness;

## **HB0272S02 compared with HB0272S01**

(5) investigate and control the causes of epidemic, infectious, communicable, and other diseases affecting the public health;

(6) provide for the detection, reporting, prevention, and control of communicable, infectious, acute, chronic, or any other disease or health hazard which the department considers to be dangerous, important, or likely to affect the public health;

(7) collect and report information on causes of injury, sickness, death, and disability and the risk factors that contribute to the causes of injury, sickness, death, and disability within the state;

(8) collect, prepare, publish, and disseminate information to inform the public concerning the health and wellness of the population, specific hazards, and risks that may affect the health and wellness of the population and specific activities which may promote and protect the health and wellness of the population;

(9) establish and operate programs necessary or desirable for the promotion or protection of the public health and the control of disease or which may be necessary to ameliorate the major causes of injury, sickness, death, and disability in the state, except that the programs may not be established if adequate programs exist in the private sector;

(10) establish, maintain, and enforce isolation and quarantine, and for this purpose only, exercise physical control over property and individuals as the department finds necessary for the protection of the public health;

(11) close theaters, schools, and other public places and forbid gatherings of people when necessary to protect the public health;

(12) abate nuisances when necessary to eliminate sources of filth and infectious and communicable diseases affecting the public health;

(13) make necessary sanitary and health investigations and inspections in cooperation with local health departments as to any matters affecting the public health;

(14) establish laboratory services necessary to support public health programs and medical services in the state;

(15) establish and enforce standards for laboratory services which are provided by any laboratory in the state when the purpose of the services is to protect the public health;

(16) cooperate with the Labor Commission to conduct studies of occupational health hazards and occupational diseases arising in and out of employment in industry, and make
