35 (b) "Reserve fund line item" means the line item in an association of unit owners'

36 annual budget that identifies the amount to be placed into a reserve fund.

37 (c) "Reserve funds" means money to cover:

38 (i) the cost of repairing, replacing, or restoring common areas and facilities that have a  
39 useful life of three years or more and a remaining useful life of less than 30 years, if the cost  
40 cannot reasonably be funded from the general budget or other funds of the association of unit  
41 owners[-]; or

42 (ii) a shortfall in the general budget, if:

43 (A) the shortfall occurs while a state of emergency declared in accordance with Section

44 [53-2a-206](#) is in effect;

45 (B) the geographic area for which the state of emergency described in Subsection

46 (1)(c)(ii)(A) is declared extends to the entire state; and

47 (C) at the time the money is spent, more than 10% of unit owners in the association are  
48 delinquent in the payment of assessments as a result of events giving rise to the state of  
49 emergency described in Subsection (1)(c)(ii)(A).

50 (2) Except as otherwise provided in the declaration, a management committee shall:

51 (a) cause a reserve analysis to be conducted no less frequently than every six years; and

52 (b) review and, if necessary, update a previously conducted reserve analysis no less  
53 frequently than every three years.

54 (3) The management committee may conduct a reserve analysis itself or may engage a  
55 reliable person or organization, as determined by the management committee, to conduct the  
56 reserve analysis.

57 (4) A reserve fund analysis shall include:

58 (a) a list of the components identified in the reserve analysis that will reasonably  
59 require reserve funds;

61 analysis, of each component identified in the reserve analysis;

62 (c) an estimate of the cost to repair, replace, or restore each component identified in the  
63 reserve analysis;
