Mr. Speaker,

The Health and Human Services Committee reports a favorable recommendation on **H.B. 15**, CONTROLLED SUBSTANCE AMENDMENTS, by Representative R. P. Ward, with the following amendments:

- 1. Page 1, Line 16:
 - 16 substances after a surgery {--} <u>; and</u>
 ▶ requires a practitioner to check the controlled substance database and consult with other practitioners when issuing a long-term prescription for an opiate or a <u>benzodiazepine under certain circumstances.</u>
- 2. Page 12, Line 353:
 - a controlled substance listed in Section 58-37-4.2.

(11) (a) As used in this Subsection (11):

(i) "High risk prescription" means a prescription for an opiate or a

benzodiazepine that is written to continue for longer than 30 consecutive days.

<u>(ii) "Database" means the controlled substance database created in Section</u> 58-37f-201.

<u>(b) A practitioner who issues a high risk prescription to a patient shall, before</u> <u>issuing the high risk prescription to the patient, verify in the database that the</u> <u>patient does not have a high risk prescription from a different practitioner that is</u> <u>currently active.</u>

<u>(c) If the database shows that the patient has received a high risk prescription</u> <u>that is currently active from a different practitioner, the practitioner may not issue</u> <u>a high risk prescription to the patient unless the practitioner:</u>

<u>(i) contacts and consults with each practitioner who issued a high risk</u> prescription that is currently active to the patient;

> <u>(ii) documents in the patient's medical record that the practitioner made contact</u> with each practitioner in accordance with Subsection (11)(c)(i); and

<u>(iii) documents in the patient's medical record the reason why the practitioner</u> <u>believes that the patient needs multiple high risk prescriptions from different</u> <u>practitioners.</u>

<u>(d) A practitioner shall satisfy the requirement described in Subsection (11)(c) in</u> <u>a timely manner, which may be after the practitioner issues the high risk</u> <u>prescription to the patient.</u>

(e) Failure to comply with the requirements in this Subsection (11) is unprofessional conduct.

Respectfully,

Merrill F. Nelson Chair
