(3) After complying with Subsection (2), the poll workers shall determine whether:

(a) the signatures correspond;

(d) the voter's right to vote the ballot has been challenged;

(f) the voter is required to provide valid voter identification; and

(g) if the voter is required to provide valid voter identification, whether the voter has provided valid voter identification.

(5) (a) If the poll workers reject an individual's ballot because the poll workers determine that the signature on the return envelope does not match the individual's signature in the voter registration records, the election officer shall contact the individual in accordance with Subsection (7) by mail, email, text message, or phone, and inform the individual:

- (i) that the individual's signature is in question;
