8 **LONG TITLE**

9 **General Description:**

10           This concurrent resolution encourages discussion about the effects and prevention of  
11 child sexual abuse.

12 **Highlighted Provisions:**

13           This resolution:

- 14           ▶ acknowledges the widespread nature of child sexual abuse in Utah;
- 15           ▶ explains the impact of child sexual abuse on survivors and communities;
- 16           ▶ encourages discussion about the effects and prevalence of child sexual abuse; and
- 17           ▶ encourages discussion about ways in which the government, communities, and

18 citizens of Utah can prevent child sexual abuse and support those affected.

19 **Special Clauses:**

20           None

---

---

22 *Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:*

23           WHEREAS, in Utah, it is estimated that one in 10 children will be sexually abused  
24 before they turn 18 years old;

25           WHEREAS, a report on rape in Utah published in 2007 by the Utah Commission on  
26 Criminal and Juvenile Justice found that almost 80% of females who had been sexually  
27 assaulted reported that their first sexual assault occurred before their 18th birthday;

28 WHEREAS, it is estimated that the ramifications of child sexual abuse cost the state of  
29 Utah approximately \$1 billion annually;

30 WHEREAS, survivors of child sexual abuse are about four times more likely to develop  
31 symptoms of drug abuse and experience post-traumatic stress disorder as adults;

32 WHEREAS, survivors of child sexual abuse are about three times more likely to  
33 experience a major depressive episode as adults;

34 WHEREAS, survivors of child sexual abuse are at a higher risk of experiencing  
35 behavioral health problems, including eating disorders, learning difficulties, fearfulness, social  
36 withdrawal, anxiety, and suicidal thoughts;

37 WHEREAS, survivors of child sexual abuse are at a higher risk of experiencing poor  
38 physical health outcomes across the lifespan, including asthma, cancer, obesity, and heart  
39 disease;

40 WHEREAS, advocacy organizations have indicated that raising awareness of and  
41 preventing child sexual abuse is critical for promoting safe and healthy children and families  
42 across Utah;

43 WHEREAS, experts have also urged that stopping child sexual abuse is each adult's  
44 responsibility and requires the public to be properly educated on the true nature of abuse; and

45 WHEREAS, Utah statute requires an individual who has reason to believe a child has  
46 been subjected to abuse or neglect, or observes a child being subjected to conditions or  
47 circumstances that would reasonably result in abuse or neglect, to report the alleged abuse or  
48 neglect to certain authorities:

49 NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the  
50 Governor concurring therein, encourages open and frank discussion about the effects and  
51 prevalence of child sexual abuse and supports evidence-based solutions to prevent and reduce  
52 the harmful impacts of child sexual abuse.

53 BE IT FURTHER RESOLVED that the Legislature and the Governor find that the ways  
54 in which the government, communities, and citizens of Utah can prevent child sexual abuse  
55 and best support those affected should be further discussed and addressed to ensure that  
56 children in Utah are healthy and safe, regardless of race, ethnicity, religion, gender identity, or  
57 socioeconomic status.
