*Be it resolved by the Legislature of the state of Utah, the Governor concurring therein:*

28 WHEREAS, Native Americans are the original inhabitants of the land that became the  
29 state of Utah and are a vital part of the state's history, its present, and its future;

30 WHEREAS, Utah is the ancestral home of eight tribal nations, each with a sovereign  
31 government and a distinctive heritage and culture:

- 32 ▶ Confederated Tribes of Goshute;
- 33 ▶ Navajo Nation;
- 34 ▶ Northwestern Band of Shoshone Nation;
- 35 ▶ Paiute Indian Tribe of Utah;
- 36 ▶ San Juan Southern Paiute Tribe;
- 37 ▶ Skull Valley Band of Goshute;
- 38 ▶ Ute Indian Tribe of the Uintah and Ouray Reservation; and
- 39 ▶ Ute Mountain Ute White Mesa Community;

40 WHEREAS, these eight tribal nations represent many thousands of indigenous people  
41 who have lived on Utah lands, and currently about 60,000 American Indians and Alaska  
42 Natives live in Utah;

43 WHEREAS, "sovereign tribal government" means that each tribe has authority over  
44 itself and its territory, and the inherent power to determine its own governance structures to  
45 enact legislation, maintain court and law enforcement systems, and determine membership;

46 WHEREAS, tribal members are citizens of three sovereign entities: their tribe, the  
47 United States of America, and the state in which they reside;

48 WHEREAS, the National Council of American Indians Youth Commission recently  
49 highlighted education areas for improvement:

- 50 ▶ "representations of Native Americans in K-12 education are often harmful,  
51 destructive, and stereotypical," with Native Americans commonly appearing in  
52 textbooks as "victims, bloodthirsty savages, lazy and unmotivated, and little to  
53 no mention of their successes, heroes, or societal contributions";
- 54 ▶ almost 90% of public schools teach no Native American history after 1900, with  
55 fewer covering the fight against termination and assimilation, and hardly any  
56 teaching about areas of advancement, such as self-determination; and
- 57 ▶ when harmful stereotypes are the only main portrayals of Native Americans,  
58 future lawmakers and other students are denied complete, accurate

59 understanding about American Indians, the sovereignty of tribal nations, their co-equal status,  
60 and who they are today as modern peoples;

61 WHEREAS, Utah's residents - including students in the state's public education and  
62 higher education systems - have the opportunity to engage with the rich history of Native  
63 Americans in the state, learn about the eight tribal nations in Utah, and explore how indigenous  
64 peoples are currently contributing to society;

65 WHEREAS, Native American names, imagery, symbols, regalia, and characterizations  
66 have been used as school or team mascots both in Utah and nationally, often without  
67 permission from or an agreement with local Native American communities or tribal nations;

68 WHEREAS, the National Council of American Indians strongly opposes the use of  
69 derogatory Native sports mascots but also respects the right of individual tribal nations to work  
70 with schools and athletic programs to decide how to protect and celebrate their respective tribal  
71 heritage;

72 WHEREAS, schools, teams, and communities in Utah have an opportunity to create  
73 meaningful processes to create dialogue about their use of Native American-themed mascots  
74 and learn about the effects this practice can have on indigenous residents of the community,  
75 particularly the potentially harmful effects on Native American youth; and

76 WHEREAS, learning about the diverse and rich heritage and culture of all people,  
77 including Utah's indigenous peoples, would benefit all students and the community, and  
78 particularly would have positive benefits for Native American youth, for example:

79 ▶ fostering a learning environment that lifts the academic performance of Native  
80 American students;

81 ▶ encouraging higher high school graduation rates for Native American students;  
82 and

83 ▶ reducing the suicide rate for Native American youth:

84 NOW, THEREFORE, BE IT RESOLVED that the Legislature of the state of Utah, the  
85 Governor concurring therein, encourages all of Utah's citizens to learn about the rich and  
86 diverse history of Native Americans, including the history and cultures of indigenous peoples  
87 who live on and have lived on Utah lands, and the meaningful contributions Native Americans  
88 are currently making to their communities, to the state, and to the nation.

89 BE IT FURTHER RESOLVED that the Legislature and the Governor urge the State

90 Board of Education and local education agencies (LEAs) to further engage with Utah Native  
91 American leaders to increase opportunities for students in the state's public education system to  
92 learn about the eight diverse tribal nations in Utah and the dynamic history, culture, and unique  
93 political status of Native Americans, particularly the Native Americans who were first on the  
94 land in each LEA's geographic region and who live there now.

95         BE IT FURTHER RESOLVED that the Legislature and the Governor encourage  
96 schools, teams, and communities with Native American mascots -- including names, imagery,  
97 symbols, regalia, and characterizations -- to engage in dialogue with local Native American  
98 communities and create a process to review and find agreement about the use of or to retire  
99 these mascots out of respect for the cultural and spiritual traditions and practices of their Native  
100 American neighbors.
