Be it enacted by the Legislature of the state of Utah:

Section 1. Section **19-2a-107** is enacted to read:

19-2a-107. Point source pollution of halogens and reduction of bromine.

(1) As used in this section:

(a) "Applicable geographic area" means the following counties:

(i) Box Elder County;

(ii) Davis County;

(iii) Salt Lake County;

(iv) Tooele County;

(v) Utah County; and

(vi) Weber County.

(b) "Bromine" means molecular bromine, bromine chloride, and any other point source emitted compound of bromine.

(c) "Division" means the Division of Air Quality created in Section [19-1-105](#).

(2) By no later than December 31, 2024, the division shall complete:

(a) an air emissions inventory of point sources in the applicable geographic area that emit halogens; and

(b) an emissions reduction plan to reduce the compounds of bromine in the applicable geographic area as of December 31, 2026, by 90% of both annual emissions and daily emissions compared to an estimated baseline for calendar year 2017 for bromine.

(3) Upon completion, the division shall publish the air emissions inventory and bromine emissions reduction plan required under Subsection (2) on the division's public website.

(4) The division shall report to the Natural Resources, Agriculture, and Environment Interim Committee regarding the status of the air emissions inventory and bromine emissions reduction plan:

(a) on or before the 2023 November interim committee meeting of the Natural Resources, Agriculture, and Environment Interim Committee; and

(b) on or before the 2024 November interim committee meeting of the Natural Resources, Agriculture, and Environment Interim Committee.
