2381 NOTICE TO PERSON MAKING A

DECLARATION FOR MENTAL HEALTH TREATMENT

This is an important legal document. It is a declaration that allows, or disallows, mental health treatment. Before signing this document, you should know that:

(1) this document allows you to make decisions in advance about three types of mental health treatment: psychoactive medication, convulsive therapy, and short-term (up to 17 days) admission to a mental health facility;

(2) the instructions that you include in this declaration will be followed only if a court or two physicians believe that you are incapable of otherwise making treatment decisions.

Otherwise, you will be considered capable to give or withhold consent for treatment;

(3) you may also appoint a person as your attorney-in-fact to make these treatment decisions for you if you become incapable. The person you appoint has a duty to act consistently with your desires as stated in this document or, if not stated, to make decisions in accordance with what that person believes, in good faith, to be in your best interest. For the appointment to be effective, the person you appoint must accept the appointment in writing. The person also has the right to withdraw from acting as your attorney-in-fact at any time;

(4) this document will continue in effect for a period of three years unless you become incapable of participating in mental health treatment decisions. If this occurs, the directive will continue in effect until you are no longer incapable;

(5) you have the right to revoke this document in whole or in part, or the appointment of an attorney-in-fact, at any time you have not been determined to be incapable. YOU MAY NOT REVOKE THE DECLARATION OR APPOINTMENT WHEN YOU ARE CONSIDERED INCAPABLE BY A COURT OR TWO PHYSICIANS. A revocation is effective when it is communicated to your attending physician or other provider; and

(6) if there is anything in this document that you do not understand, you should ask an attorney to explain it to you. This declaration is not valid unless it is signed by two qualified witnesses who are personally known to you and who are present when you sign or acknowledge your signature.

2787 determination to the court.

2788 (13) The court may terminate the proceedings and dismiss the application at any time,

2812 (b) The court is authorized to exclude any person not necessary for the conduct of the
2813 proceedings and may, upon motion of counsel, require the testimony of each designated
2814 examiner to be given out of the presence of any other designated examiners.

(16) (a) The court shall order commitment of an adult proposed patient to a local mental health authority if, upon completion of the hearing and consideration of the information presented, the court finds by clear and convincing evidence that:

2856 proposed patient meets the criteria for assisted outpatient treatment under Section
2857 [~~62A-15-630.5~~] 26B-5-351.

2868 for an indeterminate period.

2869 (b) (i) The court shall maintain a current list of all patients under the court's order of
2870 commitment and review the list to determine those patients who have been under an order of

2879 (iv) If, after reexamination under Subsection (17)(b)(iii), the local mental health

2881 justifying commitment no longer exist, the local mental health authority or the local mental
2882 health authority's designee shall discharge the patient from involuntary commitment and
2883 immediately report the discharge to the court.

2884 (v) If, after reexamination under Subsection (17)(b)(iii), the local mental health

2886 justifying commitment continue to exist, the court shall immediately appoint two designated
2887 examiners and proceed under Subsections (8) through (14).

2888 (c) (i) The local mental health authority or the local mental health authority's designee
2889 responsible for the care of a patient under an order of commitment for an indeterminate period

2896 immediately report the discharge to the court.

2899 authority or the local mental health authority's designee shall send a written report of the
2900 findings to the court.

2901 (iv) A patient and the patient's counsel of record shall be notified in writing that the
2902 involuntary commitment will be continued under Subsection (17)(c)(iii), the reasons for the

2905 (v) Upon receiving a request under Subsection (17)(c)(iv), the court shall immediately
2906 appoint two designated examiners and proceed under Subsections (8) through (14).

2907 (18) (a) Any patient committed as a result of an original hearing or a patient's legally

(i) may take place at or before the hearing; and

(ii) is required if the local mental health authority appears at the hearing.

(3) If the proposed patient refuses to submit to an interview described in Subsection (2)(a) or an examination described in Subsection (8), the court may issue an order, directed to a mental health officer or peace officer, to immediately place the proposed patient into the custody of a local mental health authority or in a temporary emergency facility, as provided in Section [~~62A-15-634~~] 26B-5-334, to be detained for the purpose of examination.

(4) Notice of commencement of proceedings for assisted outpatient treatment, setting forth the allegations of the application and any reported facts, together with a copy of any official order of detention, shall:

(a) be provided by the court to a proposed patient before, or upon, placement into the custody of a local mental health authority or, with respect to any proposed patient presently in the custody of a local mental health authority;

(b) be maintained at the proposed patient's place of detention, if any;

(c) be provided by the court as soon as practicable to the applicant, any legal guardian, any immediate adult family members, legal counsel for the parties involved, the local mental health authority or its designee, and any other person whom the proposed patient or the court shall designate; and

(d) advise that a hearing may be held within the time provided by law.

(5) The [~~district~~] court may, in its discretion, transfer the case to any other [~~district~~] court within this state, provided that the transfer will not be adverse to the interest of the proposed patient.

(6) Within 24 hours, excluding Saturdays, Sundays, and legal holidays, of the issuance of a judicial order, or after commitment of a proposed patient to a local mental health authority or its designee under court order for detention in order to complete an examination, the court shall appoint two designated examiners:

(a) who did not sign the assisted outpatient treatment application nor the certification described in Subsection (1);

3157 (b) one of whom is a licensed physician; and

3158 (c) one of whom may be designated by the proposed patient or the proposed patient's
3159 counsel, if that designated examiner is reasonably available.

3160 (7) The court shall schedule a hearing to be held within 10 calendar days of the day on
3161 which the designated examiners are appointed.

3162 (8) The designated examiners shall:

3163 (a) conduct their examinations separately;

3164 (b) conduct the examinations at the home of the proposed patient, at a hospital or other
3165 medical facility, or at any other suitable place that is not likely to have a harmful effect on the
3166 proposed patient's health;

3167 (c) inform the proposed patient, if not represented by an attorney:

3168 (i) that the proposed patient does not have to say anything;

3169 (ii) of the nature and reasons for the examination;

3170 (iii) that the examination was ordered by the court;

3171 (iv) that any information volunteered could form part of the basis for the proposed
3172 patient to be ordered to receive assisted outpatient treatment; and

3173 (v) that findings resulting from the examination will be made available to the court;

3174 and

3175 (d) within 24 hours of examining the proposed patient, report to the court, orally or in
3176 writing, whether the proposed patient is mentally ill. If the designated examiner reports orally,
3177 the designated examiner shall immediately send a written report to the clerk of the court.

3178 (9) If a designated examiner is unable to complete an examination on the first attempt
3179 because the proposed patient refuses to submit to the examination, the court shall fix a
3180 reasonable compensation to be paid to the examiner.

3181 (10) If the local mental health authority, its designee, or a medical examiner determines
3182 before the court hearing that the conditions justifying the findings leading to an assisted
3183 outpatient treatment hearing no longer exist, the local mental health authority, its designee, or
3184 the medical examiner shall immediately report that determination to the court.

3185 (11) The court may terminate the proceedings and dismiss the application at any time,
3186 including prior to the hearing, if the designated examiners or the local mental health authority
3187 or its designee informs the court that the proposed patient does not meet the criteria in

3188 Subsection (14).

3189 (12) Before the hearing, an opportunity to be represented by counsel shall be afforded
3190 to the proposed patient, and if neither the proposed patient nor others provide counsel, the court
3191 shall appoint counsel and allow counsel sufficient time to consult with the proposed patient
3192 before the hearing. In the case of an indigent proposed patient, the payment of reasonable
3193 attorney fees for counsel, as determined by the court, shall be made by the county in which the
3194 proposed patient resides or is found.

3195 (13) (a) All persons to whom notice is required to be given shall be afforded an
3196 opportunity to appear at the hearing, to testify, and to present and cross-examine witnesses. The
3197 court may, in its discretion, receive the testimony of any other individual. The court may allow
3198 a waiver of the proposed patient's right to appear for good cause, which cause shall be set forth
3199 in the record, or an informed waiver by the patient, which shall be included in the record.

3200 (b) The court is authorized to exclude all individuals not necessary for the conduct of
3201 the proceedings and may, upon motion of counsel, require the testimony of each examiner to be
3202 given out of the presence of any other examiners.

3203 (c) The hearing shall be conducted in as informal a manner as may be consistent with
3204 orderly procedure, and in a physical setting that is not likely to have a harmful effect on the
3205 mental health of the proposed patient.

3206 (d) The court shall consider all relevant historical and material information that is
3207 offered, subject to the rules of evidence, including reliable hearsay under Rule 1102, Utah
3208 Rules of Evidence.

3209 (e) (i) A local mental health authority or its designee, or the physician in charge of the
3210 proposed patient's care shall, at the time of the hearing, provide the court with the following
3211 information:

- 3212 (A) the detention order, if any;
- 3213 (B) admission notes, if any;
- 3214 (C) the diagnosis, if any;
- 3215 (D) doctor's orders, if any;
- 3216 (E) progress notes, if any;
- 3217 (F) nursing notes, if any; and
- 3218 (G) medication records, if any.

3219 (ii) The information described in Subsection (13)(e)(i) shall also be provided to the
3220 proposed patient's counsel:

3221 (A) at the time of the hearing; and

3222 (B) at any time prior to the hearing, upon request.

3223 (14) The court shall order a proposed patient to assisted outpatient treatment if, upon
3224 completion of the hearing and consideration of the information presented, the court finds by
3225 clear and convincing evidence that:

3226 (a) the proposed patient has a mental illness;

3227 (b) there is no appropriate less-restrictive alternative to a court order for assisted
3228 outpatient treatment; and

3229 (c) (i) the proposed patient lacks the ability to engage in a rational decision-making
3230 process regarding the acceptance of mental health treatment, as demonstrated by evidence of
3231 inability to weigh the possible risks of accepting or rejecting treatment; or

3232 (ii) the proposed patient needs assisted outpatient treatment in order to prevent relapse
3233 or deterioration that is likely to result in the proposed patient posing a substantial danger to self
3234 or others.

3235 (15) The court may order the applicant or a close relative of the patient to be the
3236 patient's personal representative, as described in 45 C.F.R. Sec. 164.502(g), for purposes of the
3237 patient's mental health treatment.

3238 (16) In the absence of the findings described in Subsection (14), the court, after the
3239 hearing, shall dismiss the proceedings.

3240 (17) (a) The assisted outpatient treatment order shall designate the period for which the
3241 patient shall be treated, which may not exceed 12 months without a review hearing.

3242 (b) At a review hearing, the court may extend the duration of an assisted outpatient
3243 treatment order by up to 12 months, if:

3244 (i) the court finds by clear and convincing evidence that the patient meets the
3245 conditions described in Subsection (14); or

3246 (ii) (A) the patient does not appear at the review hearing;

3247 (B) notice of the review hearing was provided to the patient's last known address by the
3248 applicant described in Subsection (1) or by a local mental health authority; and

3249 (C) the patient has appeared in court or signed an informed waiver within the previous

3250 18 months.

3251 (c) The court shall maintain a current list of all patients under its order of assisted
3252 outpatient treatment.

3253 (d) At least two weeks prior to the expiration of the designated period of any assisted
3254 outpatient treatment order still in effect, the court that entered the original order shall inform
3255 the appropriate local mental health authority or its designee.

3256 (18) Costs of all proceedings under this section shall be paid by the county in which the
3257 proposed patient resides or is found.

3258 (19) A court may not hold an individual in contempt for failure to comply with an
3259 assisted outpatient treatment order.

3260 (20) As provided in Section [31A-22-651](#), a health insurance provider may not deny an
3261 insured the benefits of the insured's policy solely because the health care that the insured
3262 receives is provided under a court order for assisted outpatient treatment.

who requests release, verbally or in writing; or

(b) whose release is requested in writing by the patient's legal guardian, parent, spouse, or adult next of kin.

(2) (a) An adult patient's release under Subsection (1) may be conditioned upon the agreement of the patient, if:

(i) the request for release is made by an individual other than the patient; or

(ii) the admitting local mental health authority, the designee of the local mental health authority, or the admitting mental health facility has cause to believe that release of the patient would be unsafe for the patient or others.

(b) (i) An adult patient's release may be postponed for up to 48 hours, excluding weekends and holidays, if the admitting local mental health authority, the designee of the local mental health authority, or the admitting mental health facility causes involuntary commitment proceedings to be commenced with the ~~[district]~~ court within the specified time period.

(ii) The admitting local mental health authority, the designee of the local mental health authority, or the admitting mental health facility shall provide written notice of the postponement and the reasons for the postponement to the patient without undue delay.

(2) When admitted to any facility or institution operated by a United States agency, within or without this state, the individual shall be subject to the rules and regulations of that agency.

(3) The chief officer of any facility or institution operated by a United States agency and in which the individual is hospitalized, shall, with respect to that individual, be vested with the same powers as the superintendent or director of a mental health facility, regarding detention, custody, transfer, conditional release, or discharge of patients. Jurisdiction is retained in appropriate courts of this state at any time to inquire into the mental condition of an individual so hospitalized, and to determine the necessity for continuance of hospitalization, and every order of hospitalization issued pursuant to this section is so conditioned.

~~[62A-15-801]~~. **26B-5-365. Interstate Compact on Mental Health -- Compact provisions.**

The Interstate Compact on Mental Health is hereby enacted and entered into with all other jurisdictions that legally join in the compact, which is, in form, substantially as follows:

INTERSTATE COMPACT ON MENTAL HEALTH

The contracting states solemnly agree that:

Article I

The proper and expeditious treatment of the mentally ill can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability of furnishing that care and treatment bears no primary relation to the residence or citizenship of the patient but that the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal and constitutional basis for commitment or other appropriate care and treatment of the mentally ill under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states.

The appropriate authority in this state for making determinations under this compact is the director of the division or his designee.

Article II

As used in this compact:

(1) "After-care" means care, treatment, and services provided to a patient on convalescent status or conditional release.

(2) "Institution" means any hospital, program, or facility maintained by a party state or political subdivision for the care and treatment of persons with a mental illness.

(3) "Mental illness" means a psychiatric disorder as defined by the current Diagnostic and Statistical Manual of Mental Disorders, that substantially impairs a person's mental, emotional, behavioral, or related functioning to such an extent that he requires care and treatment for his own welfare, the welfare of others, or the community.

(4) "Patient" means any person subject to or eligible, as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact and constitutional due process requirements.

(5) "Receiving state" means a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be sent.

(6) "Sending state" means a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be sent.

(7) "State" means any state, territory, or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

Article III

(1) Whenever a person physically present in any party state is in need of institutionalization because of mental illness, he shall be eligible for care and treatment in an institution in that state, regardless of his residence, settlement, or citizenship qualifications.

(2) Notwithstanding the provisions of Subsection (1) of this article, any patient may be transferred to an institution in another state whenever there are factors, based upon clinical determinations, indicating that the care and treatment of that patient would be facilitated or improved by that action. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors to be considered include the patient's full record with due regard for the location of the patient's family, the character of his illness and its probable duration, and other factors considered appropriate by authorities in the party state and the director of the division, or his designee.

(3) No state is obliged to receive any patient pursuant to the provisions of Subsection (2) of this article unless the sending state has:

- (a) given advance notice of its intent to send the patient;
- (b) furnished all available medical and other pertinent records concerning the patient;
- (c) given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient; and
- (d) determined that the receiving state agrees to accept the patient.

(4) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

(5) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and further transfer of the patient may be made as is deemed to be in the best interest of the patient, as determined by appropriate authorities in the receiving and sending states.

Article IV

(1) Whenever, pursuant to the laws of the state in which a patient is physically present, it is determined that the patient should receive after-care or supervision, that care or supervision may be provided in the receiving state. If the medical or other appropriate clinical authorities who have responsibility for the care and treatment of the patient in the sending state

believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of providing the patient with after-care in the receiving state.

That request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge the patient would be placed, the complete medical history of the patient, and other pertinent documents.

(2) If the medical or other appropriate clinical authorities who have responsibility for the care and treatment of the patient in the sending state, and the appropriate authorities in the receiving state find that the best interest of the patient would be served, and if the public safety would not be jeopardized, the patient may receive after-care or supervision in the receiving state.

(3) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment as for similar local patients.

Article V

Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities both within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of that patient, he shall be detained in the state where found, pending disposition in accordance with the laws of that state.

Article VI

Accredited officers of any party state, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

Article VII

(1) No person may be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state has the effect of making the person a patient of the institution in the receiving state.

(2) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific

3436 agreement for that purpose, arrange for a different allocation of costs among themselves.

3437 (3) No provision of this compact may be construed to alter or affect any internal
3438 relationships among the departments, agencies, and officers of a party state, or between a party
3439 state and its subdivisions, as to the payment of costs or responsibilities.

3440 (4) Nothing in this compact may be construed to prevent any party state or any of its
3441 subdivisions from asserting any right against any person, agency, or other entity with regard to
3442 costs for which that party state or its subdivision may be responsible under this compact.

3443 (5) Nothing in this compact may be construed to invalidate any reciprocal agreement
3444 between a party state and a nonparty state relating to institutionalization, care, or treatment of
3445 the mentally ill, or any statutory authority under which those agreements are made.

3446 Article VIII

3447 (1) Nothing in this compact may be construed to abridge, diminish, or in any way
3448 impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or
3449 with respect to any patient for whom he serves, except that when the transfer of a patient to
3450 another jurisdiction makes advisable the appointment of a supplemental or substitute guardian,
3451 a court of competent jurisdiction in the receiving state may make supplemental or substitute
3452 appointments. In that case, the court that appointed the previous guardian shall, upon being
3453 advised of the new appointment and upon the satisfactory completion of accounting and other
3454 acts as the court may require, relieve the previous guardian of power and responsibility to
3455 whatever extent is appropriate in the circumstances.

3456 However, in the case of any patient having settlement in the sending state, a court of
3457 competent jurisdiction in the sending state has the sole discretion to relieve a guardian
3458 appointed by it or to continue his power and responsibility, as it deems advisable. The court in
3459 the receiving state may, in its discretion, confirm or reappoint the person or persons previously
3460 serving as guardian in the sending state in lieu of making a supplemental or substitute
3461 appointment.

3462 (2) The term "guardian" as used in Subsection (1) of this article includes any guardian,
3463 trustee, legal committee, conservator, or other person or agency however denominated, who is
3464 charged by law with power to act for the person or property of a patient.

3465 Article IX

3466 (1) No provision of this compact except Article V applies to any person

institutionalized while under sentence in a penal or correctional institution, while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness, he would be subject to incarceration in a penal or correctional institution.

(2) To every extent possible, it shall be the policy of party states that no patient be placed or detained in any prison, jail, or lockup, but shall, with all expedition, be taken to a suitable institutional facility for mental illness.

Article X

(1) Each party state shall appoint a "compact administrator" who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state, either in the capacity of sending or receiving state. The compact administrator, or his designee, shall deal with all matters relating to the compact and patients processed under the compact. In this state the director of the division, or his designee shall act as the "compact administrator."

(2) The compact administrators of the respective party states have power to promulgate reasonable rules and regulations as are necessary to carry out the terms and provisions of this compact. In this state, the division has authority to establish those rules in accordance with the Utah Administrative Rulemaking Act.

(3) The compact administrator shall cooperate with all governmental departments, agencies, and officers in this state and its subdivisions in facilitating the proper administration of the compact and any supplementary agreement or agreements entered into by this state under the compact.

(4) The compact administrator is hereby authorized and empowered to enter into supplementary agreements with appropriate officials of other states pursuant to Articles VII and XI of this compact. In the event that supplementary agreements require or contemplate the use of any institution or facility of this state or require or contemplate the provision of any service by this state, that agreement shall have no force unless approved by the director of the department or agency under whose jurisdiction the institution or facility is operated, or whose department or agency will be charged with the rendering of services.

(5) The compact administrator may make or arrange for any payments necessary to

discharge financial obligations imposed upon this state by the compact or by any supplementary agreement entered into under the compact.

Article XI

Administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility, or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned find that those agreements will improve services, facilities, or institutional care and treatment of persons who are mentally ill. A supplementary agreement may not be construed to relieve a party state of any obligation that it otherwise would have under other provisions of this compact.

Article XII

This compact has full force and effect in any state when it is enacted into law in that state. Thereafter, that state is a party to the compact with any and all states that have legally joined.

Article XIII

A party state may withdraw from the compact by enacting a statute repealing the compact. Withdrawal takes effect one year after notice has been communicated officially and in writing to the compact administrators of all other party states. However, the withdrawal of a state does not change the status of any patient who has been sent to that state or sent out of that state pursuant to the compact.

Article XIV

This compact shall be liberally construed so as to effectuate its purposes. The provisions of this compact are severable, and if any phrase, clause, sentence or provision is declared to be contrary to the constitution of the United States or the applicability to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and its applicability to any government, agency, person, or circumstance shall not be affected thereby. If this compact is held to be contrary to the constitution of any party state the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

Section 86. Section **26B-5-403**, which is renumbered from Section 62A-15-703 is renumbered and amended to read:

~~[62A-15-703].~~ 26B-5-403. Residential and inpatient settings -- Commitment proceeding -- Child in physical custody of local mental health authority.

(1) A child may receive services from a local mental health authority in an inpatient or residential setting only after a commitment proceeding, for the purpose of transferring physical custody, has been conducted in accordance with the requirements of this section.

(2) That commitment proceeding shall be initiated by a petition for commitment, and shall be a careful, diagnostic inquiry, conducted by a neutral and detached fact finder, pursuant to the procedures and requirements of this section. If the findings described in Subsection (4) exist, the proceeding shall result in the transfer of physical custody to the appropriate local mental health authority, and the child may be placed in an inpatient or residential setting.

(3) The neutral and detached fact finder who conducts the inquiry:

(a) shall be a designated examiner~~[, as defined in Section 62A-15-602]~~; and

(b) may not profit, financially or otherwise, from the commitment or physical placement of the child in that setting.

(4) Upon determination by a fact finder that the following circumstances clearly exist, the fact finder may order that the child be committed to the physical custody of a local mental health authority:

(a) the child has a mental illness~~[, as defined in Section 62A-15-602]~~;

(b) the child demonstrates a reasonable fear of the risk of substantial danger to self or others;

3715 (c) the child will benefit from care and treatment by the local mental health authority;
3716 and

3717 (d) there is no appropriate less-restrictive alternative.

3718 (5) (a) The commitment proceeding before the neutral and detached fact finder shall be
3719 conducted in as informal manner as possible and in a physical setting that is not likely to have a
3720 harmful effect on the child.

3721 (b) The child, the child's parent or legal guardian, the petitioner, and a representative of
3722 the appropriate local mental health authority:

3723 (i) shall receive informal notice of the date and time of the proceeding; and

3724 (ii) may appear and address the petition for commitment.

3725 (c) The neutral and detached fact finder may, in the fact finder's discretion, receive the
3726 testimony of any other person.

3727 (d) The fact finder may allow a child to waive the child's right to be present at the
3728 commitment proceeding, for good cause shown. If that right is waived, the purpose of the
3729 waiver shall be made a matter of record at the proceeding.

3730 (e) At the time of the commitment proceeding, the appropriate local mental health
3731 authority, its designee, or the psychiatrist who has been in charge of the child's care prior to the
3732 commitment proceeding, shall provide the neutral and detached fact finder with the following
3733 information, as it relates to the period of current admission:

3734 (i) the petition for commitment;

3735 (ii) the admission notes;

3736 (iii) the child's diagnosis;

3737 (iv) physicians' orders;

3738 (v) progress notes;

3739 (vi) nursing notes; and

3740 (vii) medication records.

3741 (f) The information described in Subsection (5)(e) shall also be provided to the child's
3742 parent or legal guardian upon written request.

3743 (g) (i) The neutral and detached fact finder's decision of commitment shall state the
3744 duration of the commitment. Any commitment to the physical custody of a local mental health
3745 authority may not exceed 180 days. Prior to expiration of the commitment, and if further

commitment is sought, a hearing shall be conducted in the same manner as the initial commitment proceeding, in accordance with the requirements of this section.

(ii) At the conclusion of the hearing and subsequently in writing, when a decision for commitment is made, the neutral and detached fact finder shall inform the child and the child's parent or legal guardian of that decision and of the reasons for ordering commitment.

(iii) The neutral and detached fact finder shall state in writing the basis of the decision, with specific reference to each of the criteria described in Subsection (4), as a matter of record.

(6) A child may be temporarily committed for a maximum of 72 hours, excluding Saturdays, Sundays, and legal holidays, to the physical custody of a local mental health authority in accordance with the procedures described in Section [~~62A-15-629~~] 26B-5-331 and upon satisfaction of the risk factors described in Subsection (4). A child who is temporarily committed shall be released at the expiration of the 72 hours unless the procedures and findings required by this section for the commitment of a child are satisfied.

(7) A local mental health authority shall have physical custody of each child committed to it under this section. The parent or legal guardian of a child committed to the physical custody of a local mental health authority under this section, retains legal custody of the child, unless legal custody has been otherwise modified by a court of competent jurisdiction. In cases when the Division of Child and Family Services or the Division of Juvenile Justice and Youth Services has legal custody of a child, that division shall retain legal custody for purposes of this part.

(8) The cost of caring for and maintaining a child in the physical custody of a local mental health authority shall be assessed to and paid by the child's parents, according to their ability to pay. For purposes of this section, the Division of Child and Family Services or the Division of Juvenile Justice and Youth Services shall be financially responsible, in addition to the child's parents, if the child is in the legal custody of either of those divisions at the time the child is committed to the physical custody of a local mental health authority under this section, unless Medicaid regulation or contract provisions specify otherwise. The Office of Recovery Services shall assist those divisions in collecting the costs assessed pursuant to this section.

(9) Whenever application is made for commitment of a minor to a local mental health authority under any provision of this section by a person other than the child's parent or guardian, the local mental health authority or its designee shall notify the child's parent or

guardian. The parents shall be provided sufficient time to prepare and appear at any scheduled proceeding.

(10) (a) Each child committed pursuant to this section is entitled to an appeal within 30 days after any order for commitment. The appeal may be brought on the child's own petition or on petition of the child's parent or legal guardian, to the juvenile court in the district where the child resides or is currently physically located. With regard to a child in the custody of the Division of Child and Family Services or the Division of Juvenile Justice and Youth Services, the attorney general's office shall handle the appeal, otherwise the appropriate county attorney's office is responsible for appeals brought pursuant to this Subsection (10)(a).

(b) Upon receipt of the petition for appeal, the court shall appoint a designated examiner previously unrelated to the case, to conduct an examination of the child in accordance with the criteria described in Subsection (4), and file a written report with the court. The court shall then conduct an appeal hearing to determine whether the findings described in Subsection (4) exist by clear and convincing evidence.

(c) Prior to the time of the appeal hearing, the appropriate local mental health authority, its designee, or the mental health professional who has been in charge of the child's care prior to commitment, shall provide the court and the designated examiner for the appeal hearing with the following information, as it relates to the period of current admission:

(i) the original petition for commitment;

(ii) admission notes;

(iii) diagnosis;

(iv) physicians' orders;

(v) progress notes;

(vi) nursing notes; and

(vii) medication records.

(d) Both the neutral and detached fact finder and the designated examiner appointed for the appeal hearing shall be provided with an opportunity to review the most current information described in Subsection (10)(c) prior to the appeal hearing.

(e) The child, the child's parent or legal guardian, the person who submitted the original petition for commitment, and a representative of the appropriate local mental health authority shall be notified by the court of the date and time of the appeal hearing. Those

persons shall be afforded an opportunity to appear at the hearing. In reaching its decision, the court shall review the record and findings of the neutral and detached fact finder, the report of the designated examiner appointed pursuant to Subsection (10)(b), and may, in its discretion, allow or require the testimony of the neutral and detached fact finder, the designated examiner, the child, the child's parent or legal guardian, the person who brought the initial petition for commitment, or any other person whose testimony the court deems relevant. The court may allow the child to waive the right to appear at the appeal hearing, for good cause shown. If that waiver is granted, the purpose shall be made a part of the court's record.

(11) Each local mental health authority has an affirmative duty to conduct periodic evaluations of the mental health and treatment progress of every child committed to its physical custody under this section, and to release any child who has sufficiently improved so that the criteria justifying commitment no longer exist.

(12) (a) A local mental health authority or its designee, in conjunction with the child's current treating mental health professional may release an improved child to a less restrictive environment, as they determine appropriate. Whenever the local mental health authority or its designee, and the child's current treating mental health professional, determine that the conditions justifying commitment no longer exist, the child shall be discharged and released to the child's parent or legal guardian. With regard to a child who is in the physical custody of the State Hospital, the treating psychiatrist or clinical director of the State Hospital shall be the child's current treating mental health professional.

(b) A local mental health authority or its designee, in conjunction with the child's current treating mental health professional, is authorized to issue a written order for the immediate placement of a child not previously released from an order of commitment into a more restrictive environment, if the local authority or its designee and the child's current treating mental health professional has reason to believe that the less restrictive environment in which the child has been placed is exacerbating the child's mental illness, or increasing the risk of harm to self or others.

(c) The written order described in Subsection (12)(b) shall include the reasons for placement in a more restrictive environment and shall authorize any peace officer to take the child into physical custody and transport the child to a facility designated by the appropriate local mental health authority in conjunction with the child's current treating mental health

professional. Prior to admission to the more restrictive environment, copies of the order shall be personally delivered to the child, the child's parent or legal guardian, the administrator of the more restrictive environment, or the administrator's designee, and the child's former treatment provider or facility.

(d) If the child has been in a less restrictive environment for more than 30 days and is aggrieved by the change to a more restrictive environment, the child or the child's representative may request a review within 30 days of the change, by a neutral and detached fact finder as described in Subsection (3). The fact finder shall determine whether:

(i) the less restrictive environment in which the child has been placed is exacerbating the child's mental illness or increasing the risk of harm to self or others; or

(ii) the less restrictive environment in which the child has been placed is not exacerbating the child's mental illness or increasing the risk of harm to self or others, in which case the fact finder shall designate that the child remain in the less restrictive environment.

(e) Nothing in this section prevents a local mental health authority or its designee, in conjunction with the child's current mental health professional, from discharging a child from commitment or from placing a child in an environment that is less restrictive than that designated by the neutral and detached fact finder.

(13) Each local mental health authority or its designee, in conjunction with the child's current treating mental health professional shall discharge any child who, in the opinion of that local authority, or its designee, and the child's current treating mental health professional, no longer meets the criteria specified in Subsection (4), except as provided by Section ~~62A-15-705~~ 26B-5-405. The local authority and the mental health professional shall assure that any further supportive services required to meet the child's needs upon release will be provided.

(14) Even though a child has been committed to the physical custody of a local mental health authority under this section, the child is still entitled to additional due process proceedings, in accordance with Section ~~62A-15-704~~ 26B-5-704, before any treatment that may affect a constitutionally protected liberty or privacy interest is administered. Those treatments include, but are not limited to, antipsychotic medication, electroshock therapy, and psychosurgery.

(2) The requirements of this section apply to all children receiving services or treatment from a local mental health authority, its designee, or its provider regardless of whether a local mental health authority has physical custody of the child or the child is receiving outpatient treatment from the local authority, its designee, or provider.

(3) (a) The division shall promulgate rules, in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, establishing due process procedures for children prior to any invasive treatment as follows:

(i) with regard to antipsychotic medications, if either the parent or child disagrees with that treatment, a due process proceeding shall be held in compliance with the procedures established under this Subsection (3);

(ii) with regard to psychosurgery and electroshock therapy, a due process proceeding shall be conducted pursuant to the procedures established under this Subsection (3), regardless of whether the parent or child agree or disagree with the treatment; and

(iii) other possible invasive treatments may be conducted unless either the parent or child disagrees with the treatment, in which case a due process proceeding shall be conducted pursuant to the procedures established under this Subsection (3).

(b) In promulgating the rules required by Subsection (3)(a), the division shall consider the advisability of utilizing an administrative law judge, court proceedings, a neutral and detached fact finder, and other methods of providing due process for the purposes of this section. The division shall also establish the criteria and basis for determining when invasive treatment should be administered.

6424 (1) The purpose of this section is to provide support to families in their role as primary
6425 caregivers for family members with disabilities.

6426 ~~[(+)]~~ (2) (a) To enable a person with a disability and the person's family to select
6427 services and supports that best suit their needs and preferences, the division shall, within
6428 appropriations from the Legislature, provide services and supports under this part by giving
6429 direct financial assistance to the parent or guardian of a person with a disability who resides at
6430 home.

6431 (b) The dollar value of direct financial assistance is determined by the division based
6432 on:

6433 (i) appropriations from the Legislature; and

6434 (ii) the needs of the person with a disability.

6435 (c) In determining whether to provide direct financial assistance to the family, the
6436 division shall consider:

6437 (i) the family's preference; and

6438 (ii) the availability of approved providers in the area where the family resides.

6439 (d) If the division provides direct financial assistance, the division:

6440 (i) shall require the family to account for the use of that financial assistance; and

6441 (ii) shall tell the person with a disability or the person's parent or guardian how long the
6442 direct financial assistance is intended to provide services and supports before additional direct

6443 financial assistance is issued.

6444 (e) Except for eligibility determination services directly connected to the provision of
6445 direct financial assistance, service coordination is not provided under this part by the division
6446 unless the person with a disability or the person's parent or guardian uses the direct financial
6447 assistance to purchase such services.

6448 ~~[(2)]~~ (3) The following principles shall be used as the basis for supporting families who
6449 care for family members with disabilities:

6450 (a) all children, regardless of disability, should reside in a family-like environment;

6451 (b) families should receive the support they need to care for their children at home;

6452 (c) services should:

6453 (i) focus on the person with a disability;

6454 (ii) take into consideration the family of the person described in Subsection ~~[(2)]~~

6455 (3)(c)(i);

6456 (iii) be sensitive to the unique needs, preferences, and strengths of individual families;

6457 and

6458 (iv) complement and reinforce existing sources of help and support that are available to
6459 each family.

6468 most appropriate way to meet the needs of the person with disabilities and his family.

6857 and place for that hearing.

6858 (8) The court may transfer the case and the custody of the individual to be committed
6859 to any other district court within the state, if:

6860 (a) there are no appropriate facilities for persons with an intellectual disability within

6864 order or commitment under a detention order, the court shall appoint two designated
6865 intellectual disability professionals to examine the individual. If requested by the individual's
6866 counsel, the court shall appoint a reasonably available, qualified person designated by counsel
6867 to be one of the examining designated intellectual disability professionals. The examinations
6868 shall be conducted:

6869 (i) separately;

6870 (ii) at the home of the individual to be committed, a hospital, an intermediate care
6871 facility for people with an intellectual disability, or any other suitable place not likely to have a
6872 harmful effect on the individual; and

6874 (b) The court shall set a time for a hearing to be held within 10 court days of the
6875 appointment of the examiners. However, the court may immediately terminate the proceedings
6876 and dismiss the application if, prior to the hearing date, the examiners, the director, or his

6877 designee informs the court that:

6878 (i) the individual does not have an intellectual disability; or

6879 (ii) treatment programs are available and will be used by the individual without court
6880 proceedings.

6881 (10) (a) Each individual has the right to be represented by counsel at the commitment
6882 hearing and in all preliminary proceedings. If neither the individual nor others provide counsel,
6883 the court shall appoint counsel and allow sufficient time for counsel to consult with the
6884 individual prior to any hearing.

6885 (b) If the individual is indigent, the county in which the individual was physically
6886 located when taken into custody shall pay reasonable attorney fees as determined by the court.

6890 documented information on the individual at the time of and prior to the hearing.

6891 (12) (a) The court shall provide an opportunity to the individual, the petitioner, and all
6892 other persons to whom notice is required to be given to appear at the hearing, to testify, and to
6893 present and cross-examine witnesses.

6894 (b) The court may, in its discretion:

6895 (i) receive the testimony of any other person;

6896 (ii) allow a waiver of the right to appear only for good cause shown;

6897 (iii) exclude from the hearing all persons not necessary to conduct the proceedings; and

6898 (iv) upon motion of counsel, require the testimony of each examiner to be given out of
6899 the presence of any other examiner.

6900 (c) The hearing shall be conducted in as informal a manner as may be consistent with
6901 orderly procedure, and in a physical setting that is not likely to have a harmful effect on the
6902 individual. The Utah Rules of Evidence apply, and the hearing shall be a matter of court
6903 record. A verbatim record of the proceedings shall be maintained.

6904 (13) The court may order commitment if, upon completion of the hearing and
6905 consideration of the record, it finds by clear and convincing evidence that all of the following
6906 conditions are met:

6907 (a) the individual to be committed has an intellectual disability;

6908 (b) because of the individual's intellectual disability one or more of the following
6909 conditions exist:

6910 (i) the individual poses an immediate danger of physical injury to self or others;

6913 (iii) the individual is in immediate need of habilitation, rehabilitation, care, or
6914 treatment to minimize the effects of the condition which poses a threat of serious physical or
6915 psychological injury to the individual, and the individual lacks the capacity to engage in a
6916 rational decision-making process concerning the need for habilitation, rehabilitation, care, or
6917 treatment, as evidenced by an inability to weigh the possible costs and benefits of the care or
6918 treatment and the alternatives to it;

6919 (c) there is no appropriate, less restrictive alternative reasonably available; and

6920 (d) the division or the intermediate care facility for people with an intellectual
6921 disability recommended by the division in which the individual is to be committed can provide
6922 the individual with treatment, care, habilitation, or rehabilitation that is adequate and
6923 appropriate to the individual's condition and needs.

6924 (14) In the absence of any of the required findings by the court, described in Subsection
6925 (13), the court shall dismiss the proceedings.

6926 (15) (a) The order of commitment shall designate the period for which the individual

6930 (b) At the conclusion of the review hearing, the court may issue an order of

6932 (16) An individual committed under this part has the right to a rehearing, upon filing a
6933 petition with the court within 30 days after entry of the court's order. If the petition for
6934 rehearing alleges error or mistake in the court's findings, the court shall appoint one impartial
6935 licensed physician and two impartial designated intellectual disability professionals who have
6936 not previously been involved in the case to examine the individual. The rehearing shall, in all
6937 other respects, be conducted in accordance with this part.

commitment. That list shall be reviewed in order to determine those patients who have been under an order of commitment for the designated period.

(b) At least two weeks prior to the expiration of the designated period of any commitment order still in effect, the court that entered the original order shall inform the director of the division of the impending expiration of the designated commitment period.

(c) The staff of the division shall immediately:

(i) reexamine the reasons upon which the order of commitment was based and report the results of the examination to the court;

(ii) discharge the resident from involuntary commitment if the conditions justifying commitment no longer exist; and

(iii) immediately inform the court of any discharge.

(d) If the director of the division reports to the court that the conditions justifying commitment no longer exist, and the administrator of the intermediate care facility for people with an intellectual disability does not discharge the individual at the end of the designated period, the court shall order the immediate discharge of the individual, unless involuntary commitment proceedings are again commenced in accordance with this section.

(e) If the director of the division, or the director's designee reports to the court that the conditions designated in Subsection (13) still exist, the court may extend the commitment order for up to one year. At the end of any extension, the individual must be reexamined in accordance with this section, or discharged.

(18) When a resident is discharged under this subsection, the division shall provide any further support services available and required to meet the resident's needs.

(2) If the resident, or the resident's parent or guardian, objects to a proposed placement under this section, the resident may appeal the decision to the executive director or the

executive director's designee. Those appeals shall be conducted in accordance with the procedures and requirements of Title 63G, Chapter 4, Administrative Procedures Act. If

a resident is transferred, the administrator shall give immediate notice of the transfer to the resident's spouse, guardian, parent, or advocate or, if none of those persons are known, to the resident's nearest known relative.

(2) If a resident, or the resident's parent or guardian, objects to a proposed transfer under this section, the administrator shall conduct a hearing on the objection before a committee composed of persons selected by the administrator. That committee shall hear all evidence and make a recommendation to the administrator concerning the proposed transfer. (a) the proposed treatment is in the medical best interest of the resident, taking into account the possible side effects as well as the potential benefits of the medication; and

(b) the proposed treatment is in accordance with prevailing standards of accepted medical practice.

(3) In making the determination described in Subsection (2), the committee shall consider the resident's general history and present condition, the specific need for medication and its possible side effects, and any previous reaction to the same or comparable medication.

Under either circumstance the carrier state may be of short duration, as a temporary or transient carrier, or long duration, as a chronic carrier.

(3) "Communicable disease" means illness due to a specific infectious agent or its toxic products which arises through transmission of that agent or its products from a reservoir to a susceptible host, either directly, as from an infected individual or animal, or indirectly, through an intermediate plant or animal host, vector, or the inanimate environment.
