101 (i) for a purpose described in Subsections (2)(a) through (d); or

102 (ii) if the data collected is anonymized, for research and educational purposes; or

103 (i) by the Utah Inland Port Authority, created in Section [11-58-201](#), or by a contractor  
104 of the Utah Inland Port Authority with the approval of the board of the Utah Inland Port  
105 Authority, if:

106 (i) the automatic license plate reader system is used only within a project area, as  
107 defined in Section [11-58-102](#), of the Utah Inland Port Authority;

108 (ii) the purpose of using the automatic license plate reader system is to improve supply  
109 chain efficiency or the efficiency of the movement of goods by analyzing and researching data  
110 related to commercial vehicle traffic; and

111 (iii) specific license plate information is anonymized.

112 (3) A law enforcement agency may not use an automatic license plate reader system  
113 unless:

114 (a) the law enforcement agency has a written policy regarding the use, management,  
115 and auditing of the automatic license plate reader system;

116 (b) for any stationary device installed with the purpose of capturing license plate data  
117 of vehicles traveling on a state highway, the law enforcement agency obtains a special use  
118 permit as described in Section [72-1-212](#) from the Department of Transportation before

119 installing the device; and

120 (c) the policy under Subsection (3)(a) and any special use permits granted in  
121 accordance with Subsection (3)(b) are:

122 (i) posted and publicly available on the appropriate city, county, or state website; or

126 **41-6a-2004. Captured plate data -- Preservation and disclosure.**

127 (1) Captured plate data obtained for the purposes described in Section **41-6a-2003**:

128 (a) in accordance with Section **63G-2-305**, is a protected record under Title 63G,  
129 Chapter 2, Government Records Access and Management Act, if the captured plate data is  
130 maintained by a governmental entity;

131 (b) may not be used or shared for any purpose other than the purposes described in  
132 Section **41-6a-2003**;

133 (c) except as provided in Subsection (3), may not be preserved for more than nine  
134 months by a governmental entity except pursuant to:

135 (i) a preservation request under Section **41-6a-2005**;

136 (ii) a disclosure order under Subsection **41-6a-2005(2)**; or

137 (iii) a warrant issued under the Utah Rules of Criminal Procedure or an equivalent  
138 federal warrant; and

139 (d) may only be disclosed:

140 (i) in accordance with the disclosure requirements for a protected record under Section  
141 **63G-2-202**;

142 (ii) pursuant to a disclosure order under Subsection **41-6a-2005(2)**; or

143 (iii) pursuant to a warrant issued under the Utah Rules of Criminal Procedure or an  
144 equivalent federal warrant.

145 (2) (a) A governmental entity that is authorized to use an automatic license plate reader  
146 system under this part may not sell captured plate data for any purpose.

147 (b) A governmental entity that is authorized to use an automatic license plate reader  
148 system under this part may not share or use captured plate [date] data for a purpose not  
149 authorized under Subsection **41-6a-2003(2)**.

150 (c) Notwithstanding the provisions of this section, a governmental entity may preserve  
151 and disclose aggregate captured plate data for planning and statistical purposes if the  
152 information identifying a specific license plate is not preserved or disclosed.

153 (3) Plate data collected in accordance with Section 72-6-118 may be preserved so long  
154 as necessary to collect the payment of a toll or penalty imposed in accordance with Section  
155 72-6-118 and the nine-month preservation limitation described in Subsection (1)(c) shall not  
156 apply.

157 (4) (a) Except as provided in Subsections (1)(c)(i) through (1)(c)(iii), a governmental  
158 entity shall destroy as soon as reasonably possible, in an unrecoverable manner, plate data  
159 obtained pursuant to this chapter that is not specifically necessary to achieve the authorized  
160 objectives under Subsection 41-6a-2003(2)

161 (b) Subsection (4)(a) applies to data a governmental entity obtains:

162 (i) from a nongovernmental entity pursuant to a warrant; or

163 (ii) from an automatic license plate reader system owned or operated by a  
164 governmental entity.

165 Section 4. Section 41-6a-2005 is amended to read:

166 **41-6a-2005. Preservation request.**

167 (1) A person or governmental entity using an automatic license plate reader system  
168 shall take all steps necessary to preserve captured plate data in its possession for 14 days after  
169 the date the data is captured pending the issuance of a court order requiring the disclosure of  
170 the captured plate data if a governmental entity or defendant in a criminal case requesting the  
171 captured plate data submits a written statement to the person or governmental entity using an  
172 automatic license plate reader system:

173 (a) requesting the person or governmental entity to preserve the captured plate data;

174 (b) identifying:

175 (i) the camera or cameras for which captured plate data shall be preserved;

176 (ii) the license plate for which captured plate data shall be preserved; or

177 (iii) the dates and time frames for which captured plate data shall be preserved; and

178 (c) notifying the person or governmental entity maintaining the captured plate data that  
179 the governmental entity or defendant in a criminal case is applying for a court order for  
180 disclosure of the captured plate data.

181 (2) (a) A governmental entity or defendant in a criminal case may apply for a court  
182 order for the disclosure of captured plate data possessed by a governmental entity.

183 (b) A court that is a court of competent jurisdiction shall issue a court order requiring  
184 the disclosure of captured plate data if the governmental entity or defendant in a criminal case  
185 offers specific and articulable facts showing that there are reasonable grounds to believe that  
186 the captured plate data is relevant and material to an ongoing criminal or missing person  
187 investigation.

188 (3) Captured plate data that is the subject of an application for a disclosure order under  
189 Subsection (2) may be destroyed at the later of:

190 (a) the date that an application for an order under Subsection (2) is denied and any  
191 appeal exhausted;

192 (b) the end of 14 days, if the person or governmental entity does not otherwise preserve  
193 the captured plate data; or

194 (c) the end of the period described in Subsection [41-6a-2004\(1\)\(c\)](#).

195 (4) Notwithstanding Subsection (2), a governmental entity may enter into a  
196 memorandum of understanding with another governmental entity to share access to an  
197 automatic license plate reader system or captured plate data otherwise authorized by this part.

198 ~~[(4)]~~ (5) A governmental entity may obtain, receive, or use ~~[privately held]~~ captured  
199 plate data from a nongovernmental entity only:

200 (a) (i) pursuant to a warrant issued using the procedures described in the Utah Rules of  
201 Criminal Procedure or an equivalent federal warrant; or

202 (ii) using the procedure described in Subsection (2); and

203 ~~[(b) if the private automatic license plate reader system retains captured plate data for~~  
204 ~~30 days or fewer.]~~

205 (b) for the purposes authorized in Subsection [41-6a-2003\(2\)](#).

206 (6) (a) A law enforcement agency shall preserve a record of:

207 (i) the number of times a search of captured license plate data is conducted by the  
208 agency or the agency's employees or agents; and

209 (ii) the crime type and incident number associated with each search of captured license  
210 plate data.

211 (b) A law enforcement agency shall preserve a record identified in Subsection (6)(a)

212 for at least five years.

213 Section 5. Section **41-6a-2006** is amended to read:

214 **41-6a-2006. Penalties.**

215 A person [~~who violates a provision under this part~~] who knowingly or intentionally  
216 uses, obtains, or discloses captured license plate data in violation of this part is guilty of a class  
217 B misdemeanor.

218 Section 6. Section **72-1-212** is amended to read:

219 **72-1-212. Special use permitting -- Rulemaking.**

220 [~~(1) For purposes of this section, "special use permit" means a permit issued for a~~  
221 ~~special use or a special event that takes place on a highway.]~~

222 (1) As used in this section:

223 (a) "Law enforcement agency" means the same as that term is defined in Section  
224 [53-3-102](#).

225 (b) "Special use permit" means a permit issued:

226 (i) for a special use or a special event that takes place on a highway; or

227 (ii) to a law enforcement agency to install an automatic license plate reader on public  
228 property for the purpose of capturing license plate data of vehicles traveling on a state highway.

229 (2) In accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, and  
230 in consultation with representatives of the Utah League of Cities and Towns and the Utah  
231 Association of Counties, the department shall make rules that are not inconsistent with this  
232 chapter or the constitution and laws of this state or of the United States governing the issuance  
233 of a special use permit to maintain public safety and serve the needs of the traveling public.

234 (3) The rules described in Subsection (2) may:

235 (a) establish the highways for which the highest number of special use permits are  
236 issued;

237 (b) develop, in consultation with municipalities, a limit on the number of special use  
238 permits that may be issued in any calendar year on a particular highway;

239 (c) require a person to submit an application designated by the department before the  
240 department issues a special use permit;

241 (d) limit the number of special use permits issued on any one day for any specified  
242 location based on a first-come, first-served basis for completed applications;

243 (e) establish criteria for evaluating completed applications, such as historic use,  
244 potential economic benefit, or other relevant factors;

245 (f) specify conditions that are required to be met before a special use permit may be  
246 issued;

247 (g) establish a penalty for failure to fulfill conditions required by the special use permit,  
248 including suspension of the special use permit or suspension of a future special use permit;

249 (h) require an applicant to obtain insurance for certain special uses or special events; or

250 (i) provide other requirements to maintain public safety and serve the needs of the  
251 traveling public.

252 (4) The limit on the number of special use permits described in Subsection (3)(b) may  
253 not include:

254 (a) a special use permit issued for a municipality-sponsored special use or special event  
255 on a highway within the jurisdiction of the municipality[:]; or

256 (b) a special use permit issued to a law enforcement agency to install a device as part of  
257 an automatic license plate reader system authorized by Section [41-6a-2003](#).

258 (5) The rules described in Subsection (2) shall consider:

259 (a) traveler safety and mobility;

260 (b) the safety of special use or special event participants;

261 (c) emergency access;

262 (d) the mobility of residents close to the event or use;

263 (e) access and economic impact to businesses affected by changes to the normal  
264 operation of highway traffic; [~~and~~]

265 (f) past performance of an applicant's adherence to special use permit requirements[:];  
266 and

267 (g) whether a law enforcement agency applying for a special use permit has published a  
268 policy online as required by Section [41-6a-2003](#).

269 (6) Notwithstanding any other provision of this chapter, the department may require a  
270 law enforcement agency applying for a special use permit described in this section to obtain an  
271 encroachment permit.

272 [~~(6)~~] (7) The department shall adopt a fee schedule in accordance with Section  
273 [63J-1-504](#) that reflects the cost of services provided by the department associated with special

274 use permits and with special uses or special events that take place on a highway.

275 (8) For a device installed in accordance with Section [41-6a-2003](#), the installation,  
276 maintenance, data collection, and removal are the responsibility of the law enforcement agency  
277 that obtains the special use permit.

278 (9) (a) The department shall preserve a record of special use permits issued to a law  
279 enforcement agency, including the stated purpose for each permit.

280 (b) The department shall preserve a record identified in Subsection (9)(a) for at least  
281 five years.
